

NOTICE OF REQUIRED SALVAGE VEHICLE INSPECTION

SELLER OF SALVAGE VEHICLE

All sellers of a salvage vehicle or the agent of the seller shall inform the purchaser of a salvage vehicle that ownership documentation for certain replacement parts used in the repair of the salvage vehicle may be required in connection with the vehicle identification number inspection that is required by *California Vehicle Code* (CVC) § 5505.

INDIVIDUAL IN POSSESSION OF VEHICLE

Effective January 1, 1997, whenever an application is made to the Department of Motor Vehicles (DMV) to register a total loss salvage vehicle, DMV shall inspect the vehicle to determine its proper identity or request that the inspection be performed by the California Highway Patrol (CHP).

The *California Vehicle Code* requires an individual in possession of a total loss salvage vehicle (as described in CVC § 11515), who is submitting the vehicle for inspection, to have available, and present upon demand of the CHP inspector, bills of sale, invoices, or other acceptable proof of ownership of component parts. Bills of sale and invoices shall include the year, make, model, and the vehicle identification number of the vehicle from which the parts were removed or sold, the name and signature of the person from whom the parts were acquired, and his or her address, and telephone number. To assist in the identification of the seller of new or used parts, the number of the seller's driver license, identification card, social security card, or Federal Employer Identification Number shall be included on the bills of sale and/or invoices.

If the required vehicle identification number, year, make, or model cannot be determined, the CHP may accept, in lieu of that information, a certification on a form provided by DMV, signed by the person submitting the vehicle for inspection, that the part was not obtained by means of theft or fraud.

A \$50 inspection fee is required for all "revived total-loss" vehicle applications, and must be paid prior to inspection. The inspection fee is not refundable.

See the reverse side of this notice for the CHP inspection appointment telephone numbers.
